

# Sidorova Maria

## Software Engineering

### Profile

Enthusiastic and detail-oriented **Junior Front-End Developer** with a 2:2 degree in **Computer Science and Mathematics**, specializing in building responsive, accessible web applications using **React, Next.js**. Combines technical expertise with strong problem-solving skills honed through mathematical studies and hands-on projects.

- **Self-taught initiative:** Continuously expands skills through independent projects (e.g., personal portfolio).
- **Collaborative mindset:** Proven teamwork and leadership from hospitality roles, thriving in fast-paced environments.
- **Detail-oriented:** Crafts clean, efficient code with a focus on user experience, accessibility and performance.

### Work experience

Now

↑  
Nov 2023

Aug 2024

↑  
Dec 2023

#### Waiter/Barista/Host

*Kimpton Clocktower Hotel*

- Quickly learned my responsibility and adapted to the big company environment, early morning routines.
- Great time management, and punctuality.
- Provided a team with a great support and help when needed by taking extra shifts, taking care of the staff and creating positive atmosphere. .

#### Bartender - Team Manager

*Black Sheep Coffee*

- Embraced new challenges by entering the coffee shop industry, thriving in a high-traffic location with significant customer interaction.
- Demonstrated passion and commitment to excellence, which resulted in a promotion from Barista to Team Manager within three months
- Oversaw daily operations and managed team members, including baristas and support staff, ensuring smooth workflow and effective collaboration and communication
- Managed inventory levels, placing orders for supplies and ensuring proper stock rotation to minimize waste and maintain quality
- Maintained cleanliness and organization of the coffee shop, adhering to health and safety regulations to ensure a safe environment for both staff and customers.

## Barista

*Slug and Lettuce Albert Square*

- Quickly adapted to a fast-paced and dynamic environment despite lacking prior hospitality experience, demonstrating strong adaptability and resilience.
- Developed effective multitasking skills and learned to think on my feet, successfully managing sudden changes and high-pressure situations.
- Strengthened problem-solving skills and learned techniques to remain calm and focused during busy shifts.

During my Third Year at University (June 2022 - June 2023) took a break and did not work there.

↑  
Jul 2021

## Education

Jul 2020

**Wells Cathedral School**

*Sixth Form*

↑  
Sep 2018

### Achievements

- A\* Mathematics
- A\* Further Mathematics
- A Economics

I was an international student, and that was my first time being in a different country, speaking different language and being on my own. I have always been taking education seriously and always strive to be the best and expand my knowledge in all aspects.

↑  
Jul 2023

**University of Manchester**

*Computer Science and Mathematics*

Oct 2020

### Achievements

- A\* Mathematics
- A\* Further Mathematics
- A Economics

Its a joint degree, so not only I learned units related to computer science, but also mathematical. These improved my problem-solving abilities in both helped me achieve my grades, despite learning under hard condition with the COVID-19 outbreak happening in the world and strikes that affected my learning times. Some of the module I have taken:

- Algorithm and Data Structure
- Data Science
- Natural Language Processing and Understanding
- Coding Theory
- Problem Solving by Computer

## Hobbies

Dancing & Fitness

Passionate about street dance and fitness. Founded a dance team, competed nationally, and collaborated with Nike—demonstrating creativity, discipline, and teamwork.

Personal Trainer

Currently pursuing a Personal Trainer certification, reflecting my passion for fitness and commitment to continuous learning. I enjoy exploring new fitness protocols and staying active.
